## Insurance Synopsis- Yanagi Kai Karate Association

This association is a member of the English Karate Federation, that is recognised by the International Olympic Committee. To comply with the English Karate Federation prerequisite, which states that all Karateka should possess a licence which includes personal and member to member insurance. We ask that you purchase a Yanagi Kai Karate Association licence/insurance, which also includes your record book for gradings with your initial application. This annual renewable licence is your personal registration with Yanagi Kai Karate Association and is your passport to your martial arts training. You require an up to date licence to train and grade at your club, as well as take advantage of any other nation/ international/ Yanagi Kai events. Details of the basic mandatory insurance cover are listed below, if you have any details regarding Section C you must declare them within this application.

### Notes concerning medical conditions

Should any applicant suffer from any medical conditions or pre-existing conditions which may affect their training, then a letter must be forthcoming from their GP or similar, stating that the said person is fit to train within Martial Arts.

### Member to member liability

The insurer will pay damages and legal costs arising from any claim in respect of any Civil Liability incurred by the Insured and notified to the Insurers during the period of insurance. In accordance with them terms, condition and exception of the above policy.

Limit of indemnity            £2,000,000 any one event

### Basis of cover

The Civil Liability policy is written on a claims made basis. This means that a claim will be notified under the policy, which is in force at the time when you first become aware that a claim may be made against you, not at the time the alleged error occurred. Therefore, notification of an incident, which occurred prior to the start of the policy but of which you are not aware, will be dealt with under this policy irrespective of the date of the incident. Likewise, should policy cover cease and a claim subsequently arise from activities undertaken in the past, that claim would be uninsured.

Please note that there is no weekly benefit payment, due to loss of earnings available with this policy, should you require such cover, you must arrange this yourself elsewhere.
